

Safety Plan Review Form

Use the following example section at the end of the FSP or IWS/SP as a tool for documenting that personnel have been familiarized with the safety plan.

Lawrence Livermore National Laboratory

Issued/Revised/Effective: _____

FSP or IWS/SP No. _____

Expires: _____

In accordance with the requirements of the *ES&H Manual*, facility management, and/or the responsible individual shall verify and document that personnel working under the direction of this safety plan have been familiarized with the requirements outlined in the enclosed safety plan. Any changes in operations that increase the hazard level, introduce additional hazards, or decrease safety shall not be made until a revision to this safety plan has been reviewed and approved. Upon either the termination of this safety plan or completion of the project that it covers, facility management and/or the responsible individual shall comply with Document 12.7 "Shutdown or Transfer of Facilities, Operations or Associated Equipment," in the *ES&H Manual*.

All individuals listed below affirm that they have been familiarized with the attached safety plan and any applicable Change Memos.

☐ Initial Review ☐ Annual Review ☐ Tri-Annual Review ☐ Major Change Review
☐ Minor Change Review
